

**World Map
with Continents**

Challenge - Can you fill your map with stamps of successes?

What you need to do... Gain a stamp and the right of passage to journey on through the continents, by completing the task set around the continent you are virtually visiting.

When you have completed the task, move the stamp onto your world map, below.

Each continent has its own specific stamp - can you work out which stamp links to which continent?

The image shows a world map with dashed lines indicating the outlines of the continents. To the right of the map, there are seven dashed boxes, each containing a different illustration. The illustrations are: a penguin, a sailboat, a classical column, the Statue of Liberty, a landscape with mountains and a hot air balloon, a colorful Russian-style building, and a red double-decker bus. The task is to match these illustrations to the continents they represent.
