

Dear Parents and Carers,

I hope you and your families are well. I am writing to you with some information regarding revision and exams this year.

Firstly, please find with this letter a booklet containing information from each subject about how your child is being taught, along with further details surrounding homework and revision guides. In this information you will also see guidance as to what homework/revision your child should be completing during the 2-week half-term. Please note that there will be no revision classes taking place in school during the break and as such it is very important that your child completes their homework/revision tasks as directed. Curriculum Leader email addresses are included so that if you have any specific queries, you can contact them directly.

With regards to exams, there are 4 subjects that have official exams in January/February as below:

- Monday 11 January 2021, 9am – Sports Science
- Monday 11 January 2021, 1pm – Creative iMedia
- Wednesday 13 January 2021, 9am – Enterprise & Marketing
- Friday 5 February 2021, 9am – Health & Social Care

As such, these students will complete mock examination in these subjects in December – specific details of which will be shared after the half-term break. The main mock exam window for all other subjects will begin on Monday 18th January and will run for approximately 2 weeks. As there continues to be uncertainty regarding GCSE exams next summer we will be expecting students to put their full efforts into revision for their mock exams and will provide a thorough revision package leading up to them; official exam dates for the summer have not yet been released.

Please do not hesitate to contact me if you have any queries; I will update you when we receive any further information regarding exams.
